

Year 1

Summer Term Suggested Homework Projects

Science Plants	History How have explorers changed the world?	RE Judaism - Shabbat	PSHE Angry Arthur
<p>The children could go for a walk to a local area and see if they can spot any deciduous or evergreen plants around them. How do they know? They can draw and label their favourite plants.</p> 	<p>The children could research about a famous explorer and create a fact file about the things they have discovered.</p> 	<p>Can the children find out some key facts about Shabbat? The children can draw pictures and write down key words or do some research and write down what they find.</p> 	<p>Can the children draw and label a picture of themselves feeling angry and what they can do to calm down?</p> 
Computing IData	DT Healthy smoothies	Music Exploring sounds	
<p>The children can copy and paste images of their favourite things and save it onto a word document or take photographs on an iPad and add different effects.</p> 	<p>The children can investigate what is a fruit or a vegetable. Create a poster of what is healthy and unhealthy or the children can describe healthy fruits and veg using adjectives.</p> 	<p>Can the children make different sounds using different household equipment? Can they put the sounds together to make a unique piece of music?</p>
